

# OFF THE GROUND DANCE STUDIO AUDITIONS

## 2023/2024 SEASON

**Learning Day:** Your dancer can learn the audition pieces in person in the studio. Learning Day will be Friday May 19th. You do not need to sign up ahead of time.

**Youtube:** We will have videos posted on our youtube of the audition dances. These videos will NOT have a breakdown of the choreography, rather they will just be of the teacher doing the piece to music. It is important for your dancer to learn and ask questions in person. We will update our youtube with audition dances the week of 5/15.

**Audition Day:** IN STUDIO. We are limiting it to 10 dancers per time slot. Audition day will be Sunday May 21st. You only need to sign up for ONE slot (your dancer will audition for all of the styles they want in that time slot).

**Slotted:** You do not have to sign up for the learning day (just show up) but you will need to secure a spot for auditions. Please follow this link to register your dancer for auditions now!

<https://slotted.co/inx8m88h>

**Audition Form:** Please PRINT, fill out, and send in with your dancer to their audition day. We will not print them out for you. Fill out ALL of your dancers' conflicts (be specific!) We use these forms to create our schedule for the fall. The form is attached.

**Level/Style:** Your dancer can audition for jazz, hip hop, and/or contemporary (lyrical). They should learn the level (beginner, intermediate, advanced) based on their comfortability with each style. A general rule of thumb would be, apprentice learn beginner, demi/major learn intermediate, elite/pro learn advanced. But it is your dancers choice if they want to learn an easier or harder level dance!
